

Safety that's all about you.

We've implemented a state-of-the-art visitor intelligence system because **your safety and your loved one's well-being come first.**

Our Advanced Entry system ensures your loved ones stay safe and your **visits are secure, seamless, and stress-free** for everyone.

Designed for your comfort:

30-second check-in

Walk up, tap the screen, get your badge. You're in and visiting in under half a minute.

Skip the line

Check in with your QR before arriving or use our touch-free kiosks on-site—whatever works for you

Relax and enjoy

Enjoy your visit with the knowledge that we're quietly ensuring the environment stays safe.

Built around their well-being:

Verified visitors only

Everyone here has been checked in and belongs. No strangers, no surprises.

Complete visitor records

We maintain detailed logs of all visits, so you always know who's been here.

Stay in the loop

Get notified when someone visits your loved one, even when you can't be there.

Emergency-ready

Our system instantly shows us who's on-site, enabling fast action when it matters most.

Help us help you.

After your visit, you'll receive a quick message with a link to rate your experience. Your feedback helps us improve care and safety for everyone

Thank you for visiting!
Together, we keep this place safe through
Advanced Entry.
